

# Green Impact 2022-23

we're making an impact,  
will you join us?

The Green Impact programme brings together teams of staff and students to inspire sustainable changes within their office, building, department, or college!

## Why get involved?

- Feel empowered and rewarded to make positive changes to your workplace,
- Make a real difference in energy saving, recycling, biodiversity & much more.
- Support the University in meeting its Environmental Sustainability strategic goals on net zero carbon and biodiversity net gain.
- Take advantage of opportunities for personal and professional development. Make new connections across the University, and develop new skills.
- Be a part of a great network of staff and students.
- Have fun and try something different.
