SUSTAINABILITY at
OXFORD

Going for Gold

with Green Impact

The **Green Impact** programme brings together teams of staff and students to inspire sustainable changes within their office, building, department, laboratory or college.

Why get involved?

Get support and guidance to make positive changes to your workplace. Make new connections across the University and develop new skills.

How does it work?

It's easy – join an existing group or start your own by signing up online.

- www.greenimpact.org.uk/oxford
- Teams are guided through a list of quick actions or projects by a simple online framework.
- You get continual support from the wider Green Impact community.
- Do as much or as little as you like – there are no requirements.
- The more actions you complete the more points you score, leading to Bronze, Silver, or Gold Awards.
- Progress is verified by trained student auditors at the end of each year.

Be a guest at the annual **Sustainability Showcase**, where the work of the Green Impact teams is recognised and awards are handed out during an evening of celebration.

Be part of something great!
