

City Nature Challenge at University of Oxford

25th-28th April 2025

- Join the **Oxfordshire City Nature Challenge** using iNaturalist to record biodiversity at your college, on university sites and throughout Oxfordshire.
- Take part in a global *bioblitz* using citizen science and join cities and regions across the world - learn about and record local species, meet new people and work towards a global goal for nature!

Recordings on University grounds in the past year using the iNaturalist platform:

Over 1,200 species have been recorded

4,000 observations made by students, staff and members of the public

University sites such as Harcourt Arboretum, University Parks, Botanic Garden and Wytham Woods

Download the app (or visit the website) to register an account on iNaturalist.

Go out into nature and take pictures of plants and wildlife

Use the app to identify and log your observations

Any observations made between 25 and 28 April will automatically count towards Oxfordshire's City Nature Challenge and contribute towards biological records
